Dear Sir / Madam,

B1145 Knapton to Swafield – Safety Measures

I am writing to inform you that Norfolk County Council is looking to implement new speed limits and traffic measures on the B1145 between Swafield and Mundesley. This will include multiple speed limit reductions which are as follows:

- Existing 60mph limit between Knapton and Mundesley on B1145 to be reduced to 50mph.
- Existing 40mph limit in Knapton on B1145 to be reduced to 30mph.
- Existing 60mph limit on Pond Lane, Knapton to be reduced to 30mph.
- Existing 60mph between Knapton and Swafield on B1145 to be reduced to 40mph.
- Existing 30mph limit in Swafield on B1145 to be extended eastbound by approx. 50m.

In addition to this, we are looking add priority passage for southbound vehicles over the Swafield bridge. This proposal is in response to a traffic and speed management study carried out by the Network Safety team and will include new signage and road markings.

The proposals are shown on the enclosed drawings numbered **PJA140-HD2-0000-001** and **PJA140-HD2-0000-002**.

The purpose of this letter is to seek your views on the proposals; therefore, I would be grateful if you could respond by 22 November 2024. I shall assume you have no adverse comments if you do not contact me within the above-mentioned timescale. However, it should be noted that a further opportunity to comment will be available during the advertisement period.

I trust the above information is useful, however, should you wish to discuss the matter further please do not hesitate to contact me on the above details.

Kind regards,
Jake Leeks (Graduate Engineer)
